SUN PEAKS SKI RESORT

??? SUN PEAKS SKI RESORT ???

Sun Peaks Resort is built on Secwepemc Land, located near Kamloops, British Columbia, Canada. Secwepemc have never ceded, released, or surrendered their land to any foreign government not Great Britain, Canada, nor British Columbia.

In 1997, Sun Peaks announced \$70 million expansion plans. Secwepemc have said NO, but Sun Peaks are still pushing ahead with the expansion and destroying anything that is in the way of making money, which includes Secwepemc property and rights.

This land has provided 300 generation of Secwepemc with everything needed to nourish their bodies and their spirits. In a real sense the Secwepemc have grown up with and have a deep rooted connection to these lands. This expansion will irreparably damage the water, plants, and animals of Skwelkwek'welt that the Secwepemc depend on for survival.

SUN PEAKS' \$70 MILLION DESTRUCTION PLANS

- ◆ Clearcut 2 more mountains for skiing bringing the mass irreparable damage to 5 clearcut mountains- Destroys the water
- ◆ Expand an existing golf course pumping increasing amounts of chemicals used for weed control into our water system
- ◆ Construct Delta Hotel bringing mass tourists into Secwepemc hunting, food and medicine gathering, and spiritual areas
- ◆ Invest money in a smear campaign against "the Indians" so that Sun Peaks can continue to create mass destruction to the land, the water, the plants, the animals, and Secwepemc lives without dealing with a back lash of public scrutiny.
